I thought I would have a limited selection of entries to choose from with most American developers of Thursday (Thanksgiving) Friday of this week.

- **MAX Videos to be available... to all** (**Raymond Camden**, November 24)
- **Security reminder - Are you using scriptprotect?** (**Michael Sharman**, November 25)
- **Cheap and Easy Dynamic Method Calling in CFScript** (**Terrence Ryan**, November 25)
- **Random Thought: The Database Bottleneck And Elegance** (**Ben Nadel**, November 29)
- **Reasons not to use Captcha** (**Jake Munson**, November 29)
